*Committee Chairs

Since 1990 The Friends have provided funding and services to families with critically ill children during their stay at The Philadelphia Ronald McDonald House and, more recently, The Ronald McDonald Family Room on the cardiac floor at Children's Hospital of Philadelphia. Sixty families reside each night in two Philadelphia Ronald McDonald Houses and 48 families find respite in the Family Room.

"If we had to find accommodations on our own, we could not afford it and would have to forgo the hospital. I can't imagine what life would be like without the Ronald McDonald House."
